Subject: geotechnical hole installation reg's

Attachments: removed.txt

From: http://arcweb.sos.state.or.us/pages/rules/oars 600/oar 690/690 240.html

- (8) To protect the ground water resource, the Commission has the authority to regulate geotechnical holes under ORS 537.780(1)(c)(A). Construction of geotechnical holes requires either a Water Supply Well Constructor or Monitoring Well Constructor's License or Oregon registration as a geologist or civil engineer. If any one of the criteria in OAR 690-240-0035(2)(a)–(d) is met, a geotechnical hole report must be submitted.
- (9) To protect the ground water resource, the Commission has the authority, under ORS 537.780(1)(c)(A), to regulate any hole through which ground water may be contaminated. Construction of holes other than water supply wells and monitoring wells does not require a license and licensing fee, bond, examination, well report, start card, and start card fee.

To determine the type of hole, see: http://arcweb.sos.state.or.us/pages/rules/oars 600/oar 690/ tables 690/690-200-0005 11-25-14.pdf
